

the english family

ABOUT US

PHILLIP ENGLISH

Phillip is the patriarch of the family and is the best husband and Dad any one could hope for. He is actually a quiet man and lives his life with the utmost of integrity. He continually seeks the Lord's will not only for his life but for our family as well. He leads by impeccable example and can usually be found "perfecting" things-whether at home, work, or on the road.

RENEE ENGLISH

Renee' is the one who organizes things so that they run smoothly. She continually strives to be found pleasing in the Lord's eyes and to honor him with her life. Although not the quietest person you will ever meet, Renee' hopes each person feels valued and appreciated when she is around. You may see her hugging total strangers because she believes a child of God never meets a stranger-only new friends and opportunities.

JACOB ENGLISH

Jacob is sixteen years old and the girls are just crazy about him! He plays the bass guitar and drums, and is the tenor harmony vocal as well as one of the lead singers on this album. Jacob also writes songs and hopes to place some of them on upcoming albums. He is a red belt in karate and has been a sports fanatic all of his life. His latest interest is soccer. God is doing amazing things in Jacob's life and we all look forward to seeing where God will take him.

ELIZABETH ENGLISH

Elizabeth has recently turned fourteen and has one of the most anointed voices you will ever hear. Our family has always called her Lily instead of Elizabeth. She enjoys singing (of course), reading, writing and composing songs, and spending time with her friends. She also sings lead on some of the songs on this album. Elizabeth has developed quite an interest in her cell phone-you may see her texting at any time!

REBECCA ENGLISH

Rebecca loves computers. She has all of the latest gadgets and will save her money so that she can purchase the latest thing. She is the quietest English child and is very studious when she is working on a project. She sings lead on "Keep Pressing On". Rebecca maintains straight A's in her class at school. She is also our biggest "cuddler". You may see her just hanging on Mom or Dad-and since she is the baby we usually let her.
